Several weeks later...

Hey boy, do you have a fever?

Know the signs of Lyme disease:
- Fever
- General malaise
- Lack of appetite
- Swollen joints
- Recurring shifting-leg lameness due to inflammation

Here are the things you can do to help prevent Lyme disease:
- Mow the lawn regularly
- Check for ticks daily
- Remove all tall weeds
- Feel for bumps
- Use a tick preventive recommended by your vet
- Brush your pet regularly
- Ask your vet to conduct a tick screening

After treatment, Skippy is good as new!

LYME DISEASE
